

Region 10 Technical High School
MULTIMEDIA COMMUNICATIONS INSTRUCTOR
Job Description

Qualifications:

- Appropriate State of Maine certification, or the ability to become certified;
- Evidence of experience, background and characteristics necessary to perform the duties listed;
- The instructor will have the ability to convey skills and knowledge to students;
- The instructor will have sufficient trade experience in the area of instruction;
- If necessary, the instructor must hold or be able to obtain State licenses pertaining to the different phases of area being taught.

Reports to: Administration of Region 10 Technical High School

Job Goal: To develop in each student the basic skills and knowledge required for a career in Graphic Design & Illustration and to instill in each student safe work habits, the importance of continued education, and the value to reliability, competence, dependability, and teamwork.

Course Description: Program instruction based on the standards specified by the Graphic Arts Education and Research Foundation (GAERF). Students will learn the fundamentals of graphic design and illustration using Adobe Systems and Software; Photoshop, Illustrator, and InDesign.

Course Objectives: At the successful completion of this course, the Graphic Design & Illustration student will be able to:

1. Identify the purpose, audience, and audience needs for preparing images.
2. Demonstrate knowledge of standard copyright rules for images and image use.
3. Demonstrate knowledge of project management tasks and responsibilities.
4. Communicate with others (such as peers and clients) about design plans.
5. Demonstrate knowledge and use of Adobe Photoshop CS5
