

Greetings class of 2021. My name is Alex Stewart (MTA 2012 grad) and I'm in search of two people looking to build a trade and learn life long skills. I am a general contractor serving the Midcoast region. We do a wide variety of residential remodeling work, including but not limited to, painting, sheetrock, roofs, decks, bathrooms, flooring, and much more.

Looking to hire at least two full time positions, 40+ hours a week if you want them! Drivers license and ability to travel on your own, not required, but desired. No tools or experience required. Must be timely, responsible, and hard working. Starting pay at \$17-\$20/hour! Work hard and gain rapid raises in pay. Turn it into a career path and make up to \$40/hour!

If interested, please contact me at (207) 319-9937 or justasciforme@gmail.com as soon as possible. Looking to start immediately, can work around the remaining school year.

P.S.

Know any underclassmen looking for a Summer job? We'll take them too!
